

## SECTION III: STUDENT POLICIES 3010

---

### Attendance Policy

As a public-school program, the Oklahoma Virtual Charter Academy (“OVCA”) is required to monitor student progress and attendance in accordance with all applicable statutes. Teachers, staff, and administration monitor student attendance. Responsibility for compliance with state attendance statutes and regulations belongs to the parents, but the program is obligated to keep an accurate record of attendance. Excessively absent students are not meeting the expectations of OVCA and/or state law.

The first date of attendance and membership activity shall be the first date the student completes an instructional activity. OVCA shall offer a student orientation, notify the parent or legal guardian and each student who enrolls in OVCA of the requirement to participate in the student orientation prior to completing any other instructional activity.

For the purposes of attendance, instructional activities are defined as:

- Completion of course assignments—that are used to record a grade for a student that is factored into the student’s grade for the term in which the assignment is completed;
- Instructional meetings with a teacher;
- Testing;
- School-sanctioned field trips, outings or other social settings (Virtual or In-Person); and
- Orientation.

For the purposes of attendance, on pace for course completion is completing weekly course work as assigned, which must be done while logged into the student account, in order to have successfully completed the course by the end of the grading period. For purposes of attendance, students are also expected to attend classes.

1. For the purposes of attendance, a student attending OVCA shall be considered in attendance for a quarter if the student:

- a. Completes instructional activities on no less than ninety percent (90%) of the days within the quarter;
- b. Is on pace for on-time completion of the course as defined by the board of education of OVCA; or
- c. Completes no less than seventy-two activities within the quarter of the academic year.

2. For a student who does not meet any of the criteria set forth in paragraph 1 of this policy, the amount of attendance recorded shall be the greater of:

- a. The number of school days during which the student completed the instructional activities during the quarter;
- b. The number of school days proportional to the percentage of the course that has been completed; or
- c. The number of school days proportional to the percentage of the required minimum number of completed instructional activities during the quarter.

3. To the extent a student has experienced a significant medical condition causing chronic absenteeism as defined by OVCA's policy or state/federal law, the student's attendance shall be adjusted on a proportional basis without consideration of the days that the student was experiencing a significant medical condition; or other type of chronic absenteeism that is an excused absence.

For students attending OVCA for less than the full quarter, the attendance shall be determined based on a proportional amount of the required attendance policy provisions set forth herein based upon the date of enrollment of the student. For students enrolled in less than a full-time OVCA course load, including but not limited to part-time seniors, concurrently enrolled students, and students enrolled in career tech, the attendance shall be determined based on a proportional amount of the required attendance policy provisions set forth herein based upon the number of OVCA courses in which the student is enrolled.
